

AM36

INTRODUCING AM36:

Since the 1980s, the Huber AM36 has proven to be an industry leader that gets the job done. Known for its versatility, the AM36 offers an optional hydraulically lifted high dump tank for even greater flexibility. Its patented cyclone filtration system means fewer bag changes and the remote-controlled boom makes for effortless one-person operation. With the addition of an optional water package, this unit is ready for any job site. Ready to revolutionize your fleet with Huber? Scan the QR code or visit keithhuber.com to customize your AM36 today.
