INTRODUCING DOMINATOR 70B:

The Dominator 70B is a cost-effective workhorse ready to take on any job effortlessly. Equipped with a powerful 532 CFM air-cooled vane pump and a massive 3,000-gallon tank, it can handle even the most challenging cleanups. Its user-friendly design maximizes productivity, and its robust construction ensures long-lasting performance. The Dominator 70B is the ideal choice for those seeking a reliable and efficient liquid vac solution that won't break the bank. Ready to revolutionize your fleet with Huber?
